COURSES

Expert: Challenge, Mountain Top Hill, Slalom skiing on the North Face Slalom and Giant courses. Powder skiing is available after a snowfall on all steep slopes with an incline greater than 30 degrees.

Intermediate: The Romance Course features a wide run of about 1 km in length on compacted snow with an intermediate slope angle; the exhilarating high speeds and jumps feel great! Also, midway down the run on the Paradise Course there is an optimal intermediate slope angle. While beginners can also enjoy relaxed skiing on the Romance Course, this course appeals mainly to intermediate skiers. Advanced skiers will enjoy it as well, and can detour here from the Top Hill Course.
